

Physical Performers Call Out – Project OK

We are looking for 2 regional neurodivergent physical performers for Project OK. This will involve a new work for children and young adults, workshop delivery and community engagement. You will be working alongside a graduate/early career artist.

Project OK

Project OK 2024 and beyond, will focus on mental health and wellness through a combination of inclusive outreach opportunities and performance work, targeting communities and schools in Central & North Warwickshire; professional dance artists and project collaborators will also experience the projects overarching fundamentals, through both practice and support. This is phase two following a research and development project in 2021.

'OK', an ambitious project, will launch high quality dance, thus cultural activity, igniting social change, in two isolated communities, Southam & Nuneaton, where there is a gap in creative provision for all, & resources for career progression & professionals. The focus is mental health & wellness, involving a schools & wider community engagement strand, dance artist programme & festival 'OK'. In tandem, bold new dance work made & premiered locally, 'Feelings' (5yrs+) 'I am OK' (12yrs +).

Kate is a Choreographer, Director and Performer. Grass roots Yorkshire, her work echoes her love of movement, theatre and collaboration. Invited to make, facilitate, produce or curate from scratch. Seizing the opportunity to create, conjuring up the next project, role or happening. 'It's simply how I'm wired'. A constant flow of ideas, concepts and visions, ready to bring to life. As a neurodivergent artist, Kate is keen to explore how this impacts her work and the industry around her.

Timeline

Early April - August 2024 Approx. 30 days of work (opportunity for future work)
